

Taste & Tile by

A black and white photograph of a woman's face in profile, looking towards the right. Her hair is pulled back. Overlaid on her face and neck are decorative floral patterns. On the left side of the image, there is a large, light-colored floral pattern. At the bottom left, there are two small icons: a square with a 'W' and a square with an 'F'.

Taste & Tile's Philosophy

With the collaboration of the research & development and marketing teams, we are able to develop and create our own unique styles. We have always wanted to make something more than just tiles. The ideas are simple, elegant, contemporary and homey. The new collections of Taste and Tile are target for those individuals who appreciate modern living and creative lifestyle.
